Fellesraad Invites Delegates & Guests To Mindekirken Saturday, May 4

Each bygdelag whose 2013 dues and ad fee are paid may seat two delegates at the Annual Meeting of Bygdelagenes Fellesraad May 4, beginning with coffee at 9 AM at Mindekirken, 924 East 21st Street, Minneapolis, with parking off East Franklin Avenue. The Call to Order will be at 9:30 AM. Guests are welcome at the same registration rate as delegates. Please share this information with others in your lag who may be interested.

The annual meeting is set by our Constitution for the first Saturday in May in Minneapolis with annual dues of \$5 per lag. The fee for print advertising remains at \$15 for each lag's portion.

Registration will be \$16 per person for mail post-marked on or before April 15 and \$18 per person thereafter. All checks need to be in the hands of the treasurer by April 24, and no cancellations or refunds will be made after that date. **Send the name of your lag, names of delegates, names of guests and the appropriate fees to Treasurer R. Lee Brown, 2210 Spruce Trail, Golden Valley, MN 55422.**

In preparation for the meeting please read the minutes from 2012 before you come. They are found elsewhere in this issue. Items for possible inclusion in the agenda should also be communicated to a board member prior to April 15. **Lag meetings intended to follow Fellesraad's meeting should call Mindekirken, 612-874-0716, and pay any additional hourly fee.**

The primary reason for the meeting is the annual election of officers and the hearing of reports. At the conclusion of business, the cultural program will feature a guest speaker and then the table prayer and lunch will follow. A brief time for announcements will be about 1 PM before adjournment.

Lawrence Moe Presents the Program

Moe, a man of many interests, and a Professor of English and Director Master of Liberal Studies at Metropolitan State University, St. Paul, MN, will present the program May 4. One of his favorite topics is "**Carl Ben Eielson, the Norwegian-American Lindbergh.**"

How many of you know about this giant of early aviators? The flight that brought recognition and fame to this native North Dakotan was the **first non-stop transpolar intercontinental flight from Alaska to Spitsbergen, Norway.** He was a contemporary of some famous pilots, and he was known as the Father of the Bush Pilots. He was along in exploring both poles and he had met Roald Amundson. He died attempting a daring rescue mission in 1929 which caused profound mourning in his home state.

Dr. Moe's ancestors came from Norway and they settled generally in northeastern ND. He has a reputation as an engaging presenter and we welcome him this year.

Hilsen fra President Somdahl:

There is news for the 2016 Fellesraad Centennial.

Lag responses following *stevner* last summe were taken into consideration, and the board voted to hold the event during our regular meeting time—**the first weekend in May 2016**. It will include the 100th annual meeting. The scope and shape it takes beyond that is yet to be determined. Think about what you would like to “brag” about for your lag on that occasion, and how to involve families.

Plans for the big occasion in 2016 may be historical, fun, feature good food and prepare for a future lag legacy—especially for more recently organized bygdelag. Exhibits and brief histories from each lag have been suggested.

In case you are counting, we had 43 delegates representing **25 bygdelag at the annual meeting last year**. Valdres Samband, our oldest and largest lag, is 114 years old this year. Our younger lag are in the 20-25 year old category.

Congratulations go to just one centennial lag this year--Nordhordlandslag! It meets in June with Vestlandslag at Bigwood Convention Center, Fergus Falls, MN. It will be the 22nd to receive this achievement.

Board members have had a busy 2013 to date. One of us has had a total knee replacement and another is having rotator cuff/shoulder surgery. Needless to say, the physical therapy involved takes time and by the annual meeting we will hopefully be on the road to continued fitness.

Congratulations if you have been elected to office in your lag. **If you are new to office**, as a president, secretary or treasurer, you may wish to file this information. Fellesraad dues (and previously agreed upon fees) are payable **January 1**. Contact person with phone and e-mail for print advertising are due **January 15**, and names and addresses of delegates are asked by **February 15**. Usually, presidents serve as delegates and ask one other person.

Please check the web site to be sure your data is current. Prior to the update of the January

2013 brochure were three names of recently deceased people that the Fellesraad president removed! The brochure is **downloadable** in booklet format on legal paper or four sheets of 8.5x11” paper. Plan to use this to get current info.

The board has again voted a memorial gift to the Muskego Church maintenance fund to recognize the lives of elected or appointive past officers or their families. Last year 25 names were memorialized. Muskego, built in 1843 by Norwegians with Wisconsin timber, was moved to Luther Seminary’s St. Paul campus. **A May 17th service is held there at 3 PM each year.** Lefse is served outdoors afterward.

Your president represents the Fellesraad on the Minneapolis Syttende Mai Minnesota Committee which meets January-June. **Brochures and \$2 buttons will be available at the May 4 meeting.** All are invited to the May 17 evening banquet (\$50 per person) at Minnesota Valley Country Club, Bloomington, MN. The speaker will be flown in from Norway. He is Mr. **Knut Brakstad, the private secretary to His Majesty, King Harald V.** (Seating capacity of 300 was sold-out last year, so seats may no longer be available if you wait to decide. Email me for a brochure soon).

Lag newsletter editors may wish to know the following: Do not use “the” preceding Bygdela-genes Fellesraad. The ending of the first word has it built in, meaning “all of the” bygdelag. You may write “the” Fellesraad. It should also be noted that **the word, lag, is both singular and plural**, like sheep or deer in English, i.e. one lag; three lag; many lag. (Usage in many publications are now using the English “s” to form the plural, but it is not necessary.)

Bygdelag Week at the Family History Center at Salt Lake City, Utah, has continued after the Fellesraad incentives some years ago. It happens early in the year and information about it is found on the www.fellesraad.com web site. It continues to be an efficient and economical way to attend classes with special attention to Norwegian resource people. This year sponsors also included DIS-Norge and the Family History Center in Utah. VP Marilyn Sorensen assisted with the planning.

God Paske

Easter will be early this year, arriving on March 31. Like the other high holidays of the church—Christmas and Pentecost, Easter gets two days of celebration in Norway. Many take advantage of the school break for Holy Week to go skiing and attend services in the mountains. The Norway Easter flower is the jonquil instead of the white lily used in the U.S.

Alt for Norway: The Resistance Movement in Norway during World War II, by Christian Klebo Skjervold II, published by Birchpoint Press, 2012, 117 pages.

Christian sought to explore the main lines of the resistance to the Nazi occupation — especially in Nord Norge, and to show the strong will of the people of Norway during this period. Originally, the text was written as a Ph.D. dissertation in Norway while the author was on a Fulbright-Hayes scholarship in 1966-67. He did not live to see the published copy since he died November 3, 2011.

Christian taught in the Minneapolis Public High Schools and did presentations for several bygdelag, Mindekirken’s Tuesday Open House, and other groups.. He was Nordlandslag’s longtime president and had served the Fellesraad as president for a total of four years.

**NORWAY CELEBRATES WOMEN
FOR 100 YEARS OF WOMEN'S RIGHT TO VOTE**

What is newsworthy about Norway in 2013?

In the event you were not aware of it, June 11, 2013, will mark the 100th anniversary of the introduction of universal suffrage in Norway. **In fact, Norway was the first independent country in the world to allow the right to vote for both men and women!**

Other areas had given the right to vote earlier—New Zealand in 1893, Australia in 1902, and Finland in 1906; however, these countries were not independent and the women could not be elected to political positions. Therefore, Norway was the first sovereign state in the world to introduce universal suffrage for both sexes. Once women had the right to vote, the formal foundation was in place for them to participate in democratic bodies on an equal footing with men.

Dag Terje Andersen, president of the Storting (Parliament), said in his Nobel (Peace Prize) banquet speech, December 10, 2011: **“When foreigners ask me about the reasons for Norway’s relatively strong economy, I say that it’s not because of our oil; it’s because of our women.”**

In Norway the struggle for women’s right to vote began in the 1880s. Among traditionalists there was fear that home life would be destroyed. The opposing side wished to spare women from “one of the most difficult dilemmas in life”; indeed, they “did not wish to place this burden on women.”

In Norway the first woman prime minister was Gro Harlem Brundtland, a pediatrician by training, who assumed office in 1981. By 2006 it became law that 40% of company board members must be women. This is also reflected in government (political) positions.

During the centenary, the Norwegian government intends to foster engagement in and support for important aspects of its democracy, such as the right to vote, equal opportunities, participation and representation. It will also look to expanding democracy in such areas as low representation or low voter turnout, especially of young people and immigrants.

An International Women’s Day was first celebrated in Norway in 1915. Even then, the focus was on peace and development of gender equality. It became an annual event on March 8.

In the United States, amendments giving the vote to women were introduced in Congress for more than 40 years before Amendment 19 was proposed June 4, 1919. It was proclaimed (effective) August 26, 1920.

Section 1 : The right of citizens of the United States to vote shall not be denied or abridged by the United States or by any State on account of sex.

Section 2 : Congress shall have power to enforce this article by appropriate legislation.

Amendment 26 gives the vote to citizens 18 years of age.
